Profile

I am an ambitious and driven AI/ML Engineer with a deep passion for technology and a strong commitment to success. As a team player, I thrive in collaborative environments, leveraging my natural leadership abilities to foster positive relationships and drive projects forward. As I seek an opportunity as an AI/ML Engineer, I am excited about the prospect of applying my skills and expertise to contribute to the ever-evolving landscape of AI.

Professional Experience

08/2025 – Present
Toronto, Canada

Associate AI/ML Engineer

Vinasai Incorporation 📧

- Contributed to AI/ML-based product development and client projects, including chatbot systems, AI voice assistant systems and automation platforms.
- Assisted in requirement gathering, technical documentation, proposal preparation and system planning for multiple software projects.
- Applied NLP, prompt engineering, API integration and AI workflow concepts to support intelligent system development.
- Worked with cross-functional teams to support product improvements, quality assurance and deployment readiness.
- Took ownership of assigned tasks while improving leadership, communication, documentation and project coordination skills.
- Followed Agile/Scrum practices including sprint planning, daily scrum, task tracking and iterative development.
- Supported testing, evaluation and improving of AI powered features to enhance usability, accuracy and reliability.

02/2025 – 08/2025
Toronto, Canada

AI/ML Engineer Intern

Vinasai Incorporation 📧

- Assisted in developing and testing AI-powered chatbot and automation features under the guidance of senior team members.
- Performed data preparation, model experimentation, prompt testing, and output evaluation to support AI/ML development activities.
- Supported the integration of AI models and third-party APIs into web-based applications and internal product prototypes.
- Conducted technical research on suitable AI tools, models, and implementation approaches for assigned product requirements.
- Collaborated with developers and QA team members to identify issues, document findings, and improve the functionality and reliability of AI features.

Education

07/2022 – 07/2026
Colombo, Sri Lanka

BSc (Hons) in Artificial Intelligence

University of Moratuwa 📧

- Current GPA : 3.69 (up to Level 4 Semester 1)

2020
Colombo, Sri Lanka

G.C.E Advance Level

St. Joseph's College Colombo 10 📧

Mathematics Stream with ICT - 2A's 1B

z-score: 2.2967

2017
Colombo, Sri Lanka

G.C.E. Ordinary Level

St. Joseph's College Colombo 10 📧

9A's

Projects

08/2025 – 07/2026

Hybrid Optical Flow and Segmentation-Guided Spatiotemporal Saliency Refinement for Video-based Human Activity Recognition

Final Year Research Project (Individual)

- This research framework improves the spatiotemporal saliency explanation of a pretrained video action recognition model by combining RAFT and SAM 2 to generate action-relevant supervision followed by explanation-guided model adaptation.
- Technologies used: Python, PyTorch, PyTorchVideo, Torchvision, OpenCV, NumPy, Pandas, Slow R50, Guided AbsoluteGrad, RAFT, SAM, Kaggle CUDA
- Role: AI/ML Researcher and Developer

2023 – 2024

AI Assisted Healthcare Insurance Fraud Detection System [*🔗*](#)

Mentored by Mitra Innovations - 2nd Year Software Project (Team Leader)

- This software system allows an insurance company to evaluate whether a medical claim is fraudulent using a machine learning model integrated with a rules engine.
- Technologies used: React, MongoDB, Django, Python, Pandas, NumPy, Scikit-learn, Imbalanced-learn (SMOTE), Random Forest Classifier, Joblib.
- Role: Full stack developer

2022 – 2023

Automated Key Management System [*🔗*](#)

1st Year IOT Hardware Project (Team Leader)

- An embedded system that ensures the protection of the keys that are stored in it and provides a way to keep track of when and by whom were the keys were accessed.
- Technologies used: Arduino(C), PHP, MYSQL, HTML,CSS
- Role: IoT developer

Technical Skills

AI/ML — PyTorch, scikit-learn, Pandas, NumPy, OpenCV, PyTorchVideo, Torchvision, NLP, XAI, SMOTE

Languages — Python, Java, JavaScript, C

Backend — Django, FastAPI, NodeJS

Frontend — React, JavaScript, HTML, CSS

Database — MySQL, MSSQL, MongoDB

Quality Assurance — Cucumber, Playwright, TestNG, Maven

Tools & Methodologies

Version Control

Git

Microsoft Office Suite

Word, PowerPoint, Excel

Project Management Tools

Jira, ClickUp

Agile/ Scrum Methodologies

Daily Scrum, Sprint Review, Sprint Retrospective

Interpersonal Skills

• Management Skills

• Communication

• Leadership

• Problem Solving

• Creativity

• Collaboration & Teamwork

Courses

2021

Responsive Web Design [*🔗*](#)

freeCodeCamp

2021

Introduction to Cybersecurity [*🔗*](#)

Cisco

2021

Cybersecurity Essentials [*🔗*](#)

Cisco

Hackathons

2023	Coderush <i>Organized by INTECS-UoM</i> LogicLegends, 8th place
2022	Coderush <i>Organized by INTECS-UoM</i> CodeKillers, 48th place

Languages

Sinhala — Native/Bilingual

English — Proficient

Interests

- Cricket
- Music
- Travelling

Extra-curricular Activates

2026 – Present	President of Sri Lankan Association for Artificial Intelligence Student Chapter, University of Moratuwa
2023 – 2024	President of Youth Society <i>Christ the King Church Pannipitiya</i>
2023 – 2024	Charity Coordinator of Sri Lanka University Catholic Students' Movement, Colombo Region <i>University of Moratuwa</i>
2022 – 2023	Junior Committee Member of Sri Lanka University Catholic Students' Movement, Colombo Region <i>University of Moratuwa</i>
2022 – 2023	2nd Year Batch Representative <i>Faculty of IT, University of Moratuwa</i>
2022 – 2023	Member of AIESEC <i>University of Moratuwa</i>
2019	Vice Secretary of Science Union <i>St. Joseph's College Colombo 10</i>
2016 – 2017	Member of Bible Society and Sinhala Union <i>St. Joseph's College Colombo 10</i>
2015 – 2019	Athletics <i>St. Joseph's College Colombo 10</i>
2013 – 2015	Club Cricket <i>NCC</i>
